

5 THINGS HEARD AT OHCA

Our team was excited to reconnect with all of you at events and understand what's top of mind for you lately. Here's what we heard in our meetups at the annual OHCA convention.

CLINICAL DATA

Many are conducting self-audits in preparation for new post-payment audits, MDS 3.0 data process reviews, and 2022 PEPPER reports.

primeVIEW - the data you need simplified!

REVENUE MGT

Multi-facility chains are realizing the need to simplify revenue management and reduce spreadsheets/paper.

primeVIEW to the rescue!
Multi-facility tracking without the spreadsheets.

MAX REIMBURSEMENT

All are focused on maximizing reimbursement and see the value of applying technology for smarter business growth.

primeCLAIMS to the rescue!
Just for SNFs and now with 2-way EHR integration.

FALL COVID WAVE

Many cautiously preparing for the possibility of another wave of COVID in the Fall.

primeVIEW to the rescue!
Clinical symptom trending, plus vaccination tracking.

STAFFING

No shock here, staffing remains a top concern with agency use at an all-time high.

primeVIEW can help!
Track and manage staffing and overtime every day.
